PURPOSE

We aim to ensure children and families receive a positive and informative enrolment and orientation process that meets their individual needs. We strive to establish respectful and supportive relationships between families and the Service to promote positive outcomes for children whilst adhering to legislative requirements.

SCOPE

This policy applies to children, families, staff, management and visitors of the Service.

IMPLEMENTATION

Our Service is licensed for children aged 0 to 12 years and currently accepts enrolments of children aged between 6 months - 5 years of age.

Enrolments will be accepted providing:

- a) The maximum daily attendance does not exceed the licensed capacity of the Service
- b) A vacancy is available both for the booking required and the agreed number of children is in accordance with the licensing requirements
- c) The adult to child ratio is maintained in each room

Priority of Access guidelines

The Department of Family and Community Services and Indigenous Affairs have set priority of access guidelines for all children's services eligible for Child Care Subsidy Care Rebate. Every Child Care Subsidy approved childcare service is required to abide by the guidelines which families will be informed of during the enrolment process.

The Priority Lists are used when there is a waiting list for the Service or when a number of parents are applying for a limited number of vacant places. When families apply to join the list they are asked a series of questions to determine their particular circumstances. A scoring system is applied based on their responses. This determines their child's place on the waiting list. As places become available they are offered to those highest on the list as stated in the guidelines above.

Families are required to pay 2 weeks full fees in advance, upon enrolment. Failure to pay the upfront fees will lead to the child not being accepted.

The Priority of Access levels, which the Service must follow when filling vacancies, include:

1. A child at risk of serious abuse or neglect.
2. A child of a single parent/guardian who satisfies, or of parents/guardians who both satisfy the work/training/study test under Section 14 of the Family Assistance Legislation Amendment (Child Care) Act 2010.
3. Any other child.

Within these three categories priority is also given to:

- Children in Aboriginal and Torres Strait Islander families
- Children in families, which include a disabled person
- Children in families on low income
- Children in families from culturally and linguistically diverse backgrounds
- Children in socially isolated families

- Children of single parents/guardian

Upon enrolment families will be informed of their priority and directed that if the Service has no vacancies and their child's position is a priority 3 under the Priority of Access Guidelines, it may be required that their child leave or reduce their days in order to make a place for a higher priority child.

Enrolment

When a family has indicated their interest in enrolling their child in our Service, the following will occur:

- Families will be invited to come on a tour of the Service.
 - Families will be provided with a range of information about the Service which will include: programming methods, menu, incursions, excursions, inclusion, fees, policies, procedures, sun smart requirements, regulations for our State and the licensing and assessment process, signing in and out procedure, the National Quality Framework, room routines, educator qualifications, introduction of educator in the room the child will be starting in and educator and parent communication.

- Families will need to complete the enrolment form informing management of their child's interests, strengths and individual needs.
- If a family or child uses English as a second language, or speak another language at home, we request that families provide us with some key words in the languages the child speaks at this time so that educators can learn the words. Educators will furthermore use visuals to assist the child to understand and be able to communicate with others.
- Families will be invited to bring their child into the Service at a time that is convenient in order to familiarise themselves with the environment and educators.
- It is a legal requirement that prior to the child starting at the Service we have all corresponding documents including enrolment form, medical plans, birth certificate or passport, immunisation status and any court orders.
- Parents must notify the Service if their child has not been immunised via the enrolment form. Parents must complete the 'Immunisation Exemption - Conscientious Objection Form' as part of the Australian Childhood Immunisation Register process.
- Families are required to provide current Australian Childhood Immunisation Register (ACIR) History Statement which shows that the child is up to date with their scheduled immunisations.
